EXPERIENCE

Video Editor | Stantaro · *Contract engagement*

Contribute to brand-led video production by turning briefs, source footage, and creative direction into polished content aligned with the brand's voice, references, and platform requirements.

- Edit and refine video content through footage selection, story assembly, dialogue tightening, pacing, and visual sequencing.
- Integrate B-roll, captions, on-screen text, overlays, music, and sound effects to support clarity and viewer experience.
- Apply color and audio adjustments, incorporate review notes, and prepare final exports to the required specifications.
- Maintain organized project assets and follow remote review, revision, and delivery workflows.

Video Editor | SwitchBoss · *Contract engagement*

Worked on branded video content within a fast-moving marketing environment, following creative direction and brand requirements.

- Edited video assets for brand and promotional use, working from supplied footage, references, and creative feedback.
- Handled editorial adjustments and revisions to align deliverables with the requested brand style and campaign needs.

Freelance & Agency Video Editor

Collaborated with multiple clients and creative teams on social content, YouTube videos, podcasts, interviews, UGC, product videos, and promotional edits. Managed the edit from footage review and story assembly through captions, sound, color, formatting, revisions, and delivery.

- Produced short-form social videos, long-form YouTube content, podcast and interview edits, UGC-style creatives, product videos, and promotional content.
- Built edits using hooks, story structure, selects, dialogue tightening, B-roll, transitions, captions, music, and sound effects.
- Completed color correction, audio cleanup, motion graphics, platform-specific formatting, revisions, and final quality checks.
- Integrated AI-generated visuals, video elements, and voice-over assets when appropriate to the brief.

PRODUCTION CAPABILITIES

- Story & Retention: Turn briefs and raw footage into structured narratives with strong openings, clear messaging, intentional pacing, and platform-aware cutdowns.
- Editing & Finishing: Select footage, tighten dialogue, build sequences, integrate B-roll, add captions and motion elements, and maintain continuity across edits.
- Motion & Visual Polish: Create animated text, titles, lower thirds, transitions, product callouts, and brand-consistent visual treatments.
- Color & Audio: Perform color correction, shot matching, dialogue cleanup, music and SFX placement, audio balancing, and final mix checks.
- AI-Assisted Production: Develop prompts and generate or refine image, video, and voice assets; evaluate outputs and integrate usable assets into finished edits.
- Delivery & Quality Control: Prepare platform-specific formats, manage exports and versions, organize project assets, track revisions, and check final videos before delivery.
- Remote Collaboration: Coordinate tasks through Slack and ClickUp, manage shared files in Google Drive, document updates, communicate asynchronously, and provide clear project handoffs.
